DETAILED ACTION

1. Claims 1-5 are pending. Applicant cancelled claims 6-15. Applicant's September 29, 2005 Amendment and REMARKS have been reviewed.

Drawings

2. The drawings submitted September 29, 2005 are acceptable.

Claim Rejections - 35 USC § 103

3. The 35 USC 103 rejection is withdrawn as a result of the September 29, 2005 REMARKS.

Claim Rejections - 35 USC § 112

4. Claims 1-5 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant's September 29, 2005 REMARKS have been reviewed, but are not convincing.

Regarding claim 1, lines 5-8, do not have support from the specification. Applicant REMARKS have been reviewed, but are not convincing. Applicant's disclosure, e.g. pages 4 and 5, does not disclose these limitations. It is noted Applicant's page 2, lines 22-28, does support the claim 1, lines 5-8, recitations.

However, Applicant's disclosure, i.e. page 5, lines 15-17, contradicts these recitations. Thus, the Examiner does not see clear support for the claim 1, lines 5-8, claim language.

Also, claim 3, lines 4-6, the phrase "wherein . . . the components" does not have support from the specification, e.g. page 2, lines 22 to page 3, line 10. Applicant REMARKS have been reviewed, but are not convincing. Applicant is invited to specifically point out where support for the offending language may be found.

It is noted that claim 1, lines 4 and 12-15, are admitted prior art. Applicant's own admission via the present application, i.e. page 6, lines 1-10, discloses such.

Likewise, claim 5, line 3, per Applicant's disclosure, i.e. page 6, lines 1-10, is deemed admitted prior art.

5. Further pertinent references of interest are noted on the attached PTO-892. It is noted that several of these meet Applicant claim language, as understood. If Applicant is able to overcome the above 35 USC 112 rejection, Applicant will have to address these references.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
